NATO science for peace project

SfP project number: 983510

Author:

Luka Mulej (XLAB d.o.o.)

Podgorica (Montenegro), August 1st 2014

*This activity
is supported by:*

The NATO **Science for Peace**
and **Security** Programme

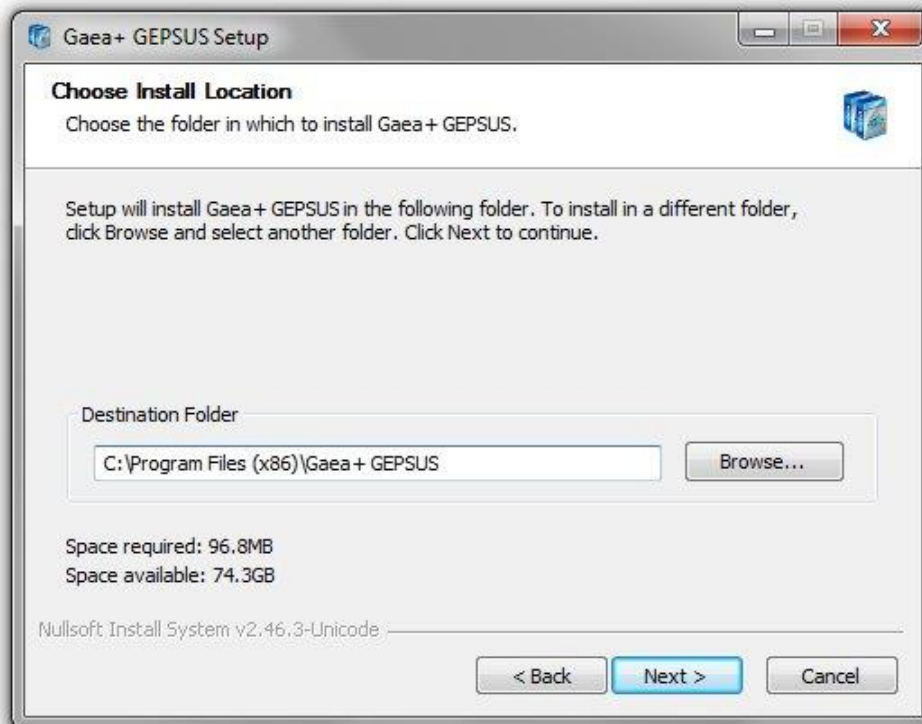

Download **Gaea+ GEPSUS** application to your computer and run the installation **Gaea+ GEPSUS** file.

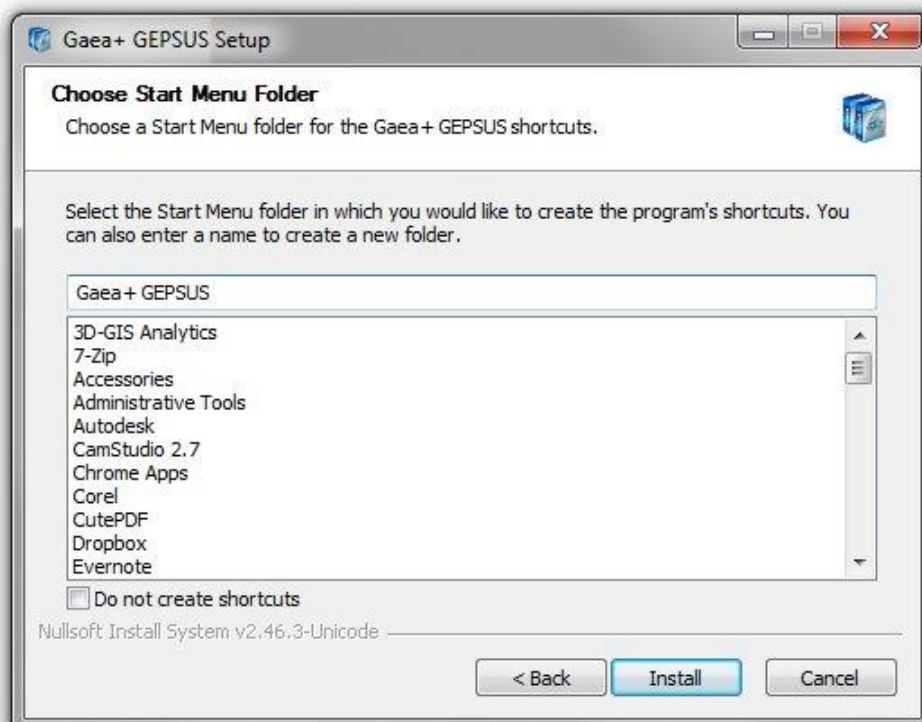

A new **Gaea+ GEPSUS** setup window will open. Click »Next« button to proceed.

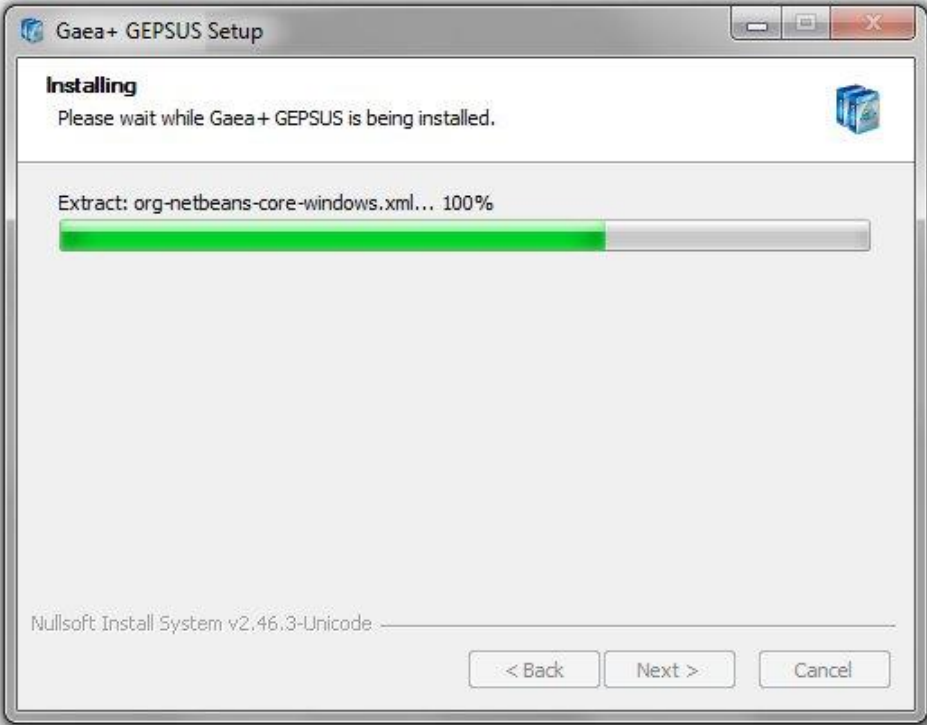

Select a Destination folder and press »Next« button to continue.

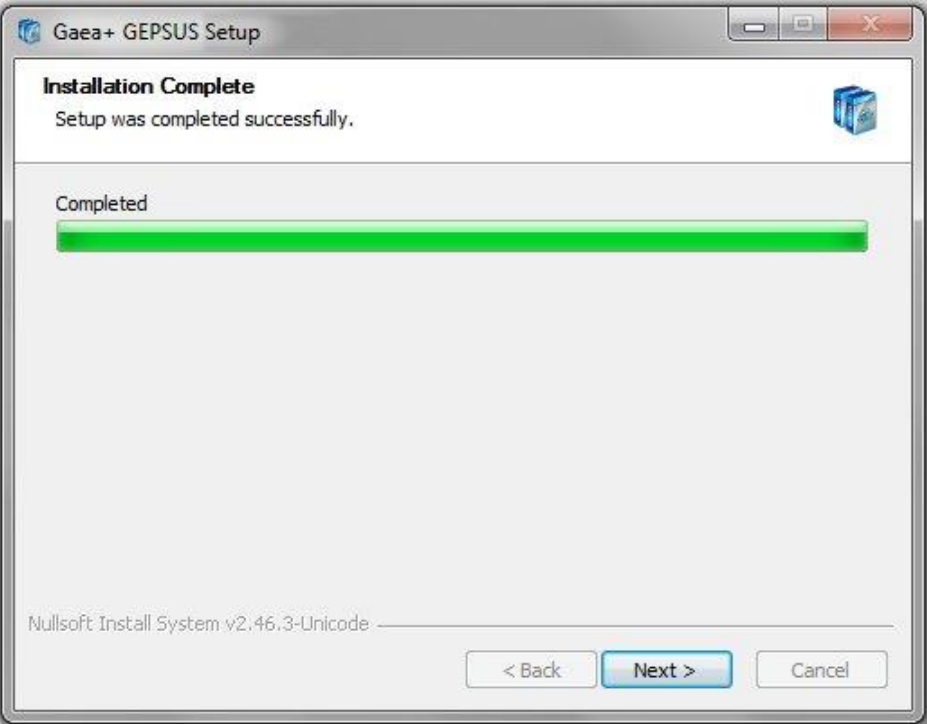

Choose a Start Menu folder and select »Install« button to proceed.

Gaea+ GEPSUS Setup will begin with installation.

Gaea+ GEPSUS installation is complete. Press »Next« button to continue.

Select the check box »Run Gaea+ GEPSUS« and run the application with pressing »Finish« button.

A new Gaea+ GEPSUS pop-up window (splash) will show while loading the application.

After a while, the **Gaea+ GEPSUS** application will show up on your screen and you are ready to use it.
